

## HAND GLAZE ULTRA BUFFING SYSTEM

### DESCRIPTION:

**Aurora Hand Glaze** is a breathable, easy-on / easy-off hand or machine applied finishing glaze designed to enhance the beauty of both old and newly painted surfaces. It is specially formulated to produce a protective, glass-like finish on all acrylic enamels, acrylic lacquers, urethanes and basecoat/clear coat finishes.

### DIRECTIONS:

Shake well before using. Make sure surface is clean, cool and dry. For hand application, apply **Aurora Hand Glaze** with a clean terry cloth or wax applicator pad. Let treated areas dry to a light haze and wipe surface with a Presta Micro Fiber Cloth. If product dries too quickly, add more product or mist with Presta Spray 'N Shine. For machine application, apply a 1" (25mm) dab of **Aurora Hand Glaze** and polish on a rotary or orbital polisher with a Presta **white foam** Quik-Pad. If product dries too quickly, mist a little water or Spray 'N Shine on the area and re-buff. Wipe off with a Presta Micro Fiber Cloth.

### FEATURES & BENEFITS:

- Easy-on / easy-off application
- Removes minor scratches and swirl marks
- Works great on all acrylic enamels, acrylic lacquers, urethanes and basecoat / clear coat finishes, gel coats and marine applications
- Silicone free
- Safe on fresh paint
- Can be machine-applied

### PACKAGE SIZES:

32 fl. oz.
