

A quality finish requires a quality buffing / polishing pad ...and nobody beats Schlegel quality! All of Schlegel's products have been designed to meet optimum performance standards, which have been developed through extensive product testing. Schlegel is the professional's product - the standard of the industry.

Light Compounding Finishing Polishing

CLEAR FINISH™ PADS

Developed for Clear Coat Finishes

#375PC

- 4-ply Twisted Yarn
- 1-1/2" Pile Height
- 7-1/2" Diameter

CLEAR FINISH pads allow for 2-step finishing with minimal scratches and swirls. Recommended as final finishing step by many of today's compound / polish manufacturers.

#875PC

Standard bolt on version.

Double-Sided CLEAR FINISH Pad

Designed for 5/8" x 11 threaded adapters

#5505

- 4-ply Twisted Yarn
- 1-1/2" Pile Height (Each Side)
- 8" Diameter

Schlegel's 5505 CLEAR FINISH Buff provides the ultimate final finish on today's clear coats. Balanced, wobble-free performance. Easy-to-use flexible design helps prevent edge burns.

No. 2 Finishing Pad

Long time industry favorite

#275C

- Wool-Synthetic Blend
- 1-1/2" Pile Height
- 7-1/2" Diameter

Designed for light compounding, final polishing and waxing.

#804

8" diameter standard bolt on version.

#904

9" diameter standard bolt on version.

Light Compounding Foam - Green

The Edge Foam Buff from Schlegel

#2003

- High Quality Foam
- 1-1/2" Thick
- 9" Diameter

The 2003 green foam is designed for light compounding and cutting applications. Versalite pad. Great for fresh paint. Ideal for high humidity where waxes may cake. Patented twin-bevel edge.

Traditional Favorites

No. 5

One of Schlegel's best

#575

- 100% Wool Yarn
- 1-1/8" Pile Height
- 7-1/2" Diameter

Schlegel's traditional #5 pad has a flexible backing for vibration-free running.

#580RU

ROUND-UP

8" diameter version.

ROUND-UP Pad with Backing Plate

Built-in Backing Plate with 5/16" Threaded Shaft for use on DA Sanders

#105DA

- 100% Wool
- 1" Pile Height
- 5-1/2" Diameter

Designed for use in hard-to-get places. Great for buffing and polishing
