POWER IN PARTNERSHIP

The Test of Time

The Norton brand has been making world-class abrasives since 1885. And, the American® brand has been the driving force in delivering high-quality masking tape products for the last 50 years. Both brands bring innovative solutions to the market and now we bring them together for your automotive aftermarket refinishing needs. Norton and American® brand combine proven product performance, maximum product integrity, and enhanced cost control. We bring you the quality and performance that today's bodyshop demands.

POWER IN PARTNERSHIP

STICK WITH A WINNING COMBINATION

Both Norton and American® brand work diligently to keep ahead of the trends and engineer new and better solutions! The changing needs of the market means new ways of doing business like enhancing our premium abrasives line with an exceptional line of USA made, clean removal masking products, compatible with a wide range of temperatures, latest coatings, and waterborne and solvent paints. Our common goal is to create a competitive advantage for shops to optimize performance and minimize cost.

NORTON PG

DESCRIPTION

Norton PG is a high-quality masking tape with good quick stick and holding properties designed for automotive masking applications requiring clean and easy removal from either hot or cold surfaces. Works well with both solvent and waterborne paints.

PERFORMANCE ADVANTAGES

- Fine crepe paper backing
- Smooth to the touch - easy to work with
- High temperature resistance (up to 325°F/163°C)
- UV resistant up to 3 days
- Clean release/removal
- Stain and transfer-resistant
- Resists paint flaking and wet sanding

NORTON AM

DESCRIPTION

Norton AM is a cost-effective masking tape with a rubber-based adhesive that provides secure adhesion to painted/bare metals and plastics and removes cleanly without adhesive residue, paint "flaking" from backside, or surface staining. Works well with both solvent and waterborne paints.

PERFORMANCE ADVANTAGES

- Clean release/removal
- UV resistant up to 3 days
- Stain and transfer-resistant
- Resists paint flaking and wet sanding

BETTER VALUE. BETTER PRICE. **BETTER PERFORMANCE.**
