

PRODUCT NAME:

A1+ PURE COMPOUND

Part No.	Size	Unit
SMTA132	32oz	12/Case
SMTA1G	1 Gallon	4/Case

DESCRIPTION:

A1+ PURE COMPOUND is a modern, fast acting, paint leveling compound designed to remove 1200 grit or finer sand scratches. This superior formulation provides a high gloss, haze-free finish with easy clean-up and very little swirling. Silicone-free, body shop safe and VOC compliant.

DIRECTIONS:

Shake well. Apply product evenly to a 2 ft by 2 ft area. Using a rotary polisher with a wool or foam pad, slowly buff using an overlapping pattern with enough pressure to eliminate surface defects. As the compound material diminishes, finesse the paint surface - progressively using less pressure until a high gloss is achieved.
