

# PRODUCT DATA

## Binders, Balancers, and Converters

### DESCRIPTION:

Transtar Basecoat Balancers, Binders, Converters have been formulated as comparable offerings for the most common major manufacturer's products. Since these are similar products, they are intended for use in a comparable manner (1 for 1 by volume) as the color formula indicates. Transtar products have been developed to provide similar physical properties of their competitors including viscosity, solids, weight per gallon, and basecoat compatibility.

### INSTRUCTIONS:

Basecoat Balancer, 7150-1D, is comparable to Dupont\* 150K Basecoat Balancer and Basecoat Binder, 7175-1D, is comparable to Dupont\* 175K Basecoat Binder (Primarily used in ChromaBase®). These products are intended for use in a similar manner as the Dupont product.

Basecoat Converter, 7689-1P, is comparable to PPG\* DBX-689/1689 Basecoat Converter (Primarily used in PPG Deltron 2000 Basecoat System, DBC). Basecoat Balancing Clear, 7695-1P, is comparable to PPG\* DBX-695 Basecoat Balancing Clear (Primarily used in PPG Deltron Basecoat System, DBU).

### MIXING:

Agitate thoroughly before use.

Refer to color manufacturers formulas for required amounts. (Use the same amount of Transtar material as that indicated for the Dupont or PPG items that it replaces.)

Always use accurate weights and measures.

### TECH TIPS:

- Basecoat Binders and Balancers products MUST be sealed after each use to prevent moisture and contaminants from entering.
- To avoid applying kicked out basecoat, it is always good shop practice to spray a test panel and/or examine the inside of the gun cup for irregularities in the "smoothness" of the basecoat color.
- Always turn on your intermix machine for agitation first thing in the morning to ensure toners and Transtar products are sufficiently agitated which will help to avoid color mismatch issues.

### COMPETITION:

7150-1D	DuPont 150K
7175-1D	DuPont 175K
7689-1P	DBX 689
7695-1P	DBX 695

DISCLAIMER: ChromaBase® Basecoat Colors is a registered trademark of Dupont Co. Dupont does not manufacture, endorse, or guarantee Transtar products. PPG, DBU, and DBC are registered trademarks of PPG, Inc. PPG does not manufacture, endorse, or guarantee Transtar products.

*(Refer to Material Safety Data Sheet for proper handling of products listed in this bulletin.)*

### PACKAGE SIZE:

7150-1D	Basecoat Balancer, Gallon (3.78 L), 2/case
7175-1D	Basecoat Binder, Gallon (3.78 L), 2/case
7689-1P	Basecoat Converter, Gallon (3.78 L), 2/case
7695-1P	Balancing Clear, Gallon (3.78 L), 2/case
