

TECHNICAL BULLETIN

ULTIMATE COMPOUND

Safely restore color and clarity to abused and neglected finishes with Meguiar's® Ultimate Compound. Our revolutionary formula cuts as fast as harsh abrasive compounds but without scratching... even on clear coat finishes. This dramatically reduces the time and effort required to remove defects, and makes traditional rubbing and polishing compounds obsolete! This is the fastest, easiest way to remove oxidation, scratches and swirl marks. The secret is Meguiar's exclusive microabrasive technology developed from our state-of-the-art professional body shop and detailer products. Whether working by hand or with our DA polisher, this is truly the ultimate compound!

- Part #:** G17216
- Packaging:** 450 ml Net 15.2 oz - 6 per case
- Features:**
 - Cuts as fast as harsh abrasives – without scratching
 - Obsoletes traditional rubbing & polishing compounds
- pH:** 8.0
- Paintable:** Yes
- Dilution:** RTU (Ready to use)
- Application Method:** Hand, Orbital, Dual Action Polisher
- Directions:**

Shake well. For best results, apply in the shade to a cool, clean surface. Best to keep a bottle handy for paint emergencies.

 - **By hand:** Dispense a small amount onto a foam applicator pad or a small, clean 100% cotton terry towel. Apply to one section at a time using moderate pressure and overlapping, circular motions. Remove excess with a Meguiar's® Supreme Shine Microfiber or 100% cotton terry towel. Turn to a clean portion of the towel for final wipe and brilliant results.
 - **By dual-action polisher/buffer (DA):** Dispense a small amount onto clean buffing pad. Buff one section at a time using overlapping passes. Re-apply as needed to remove stubborn defects. Wipe dry with Meguiar's® Supreme Shine Microfiber or 100% cotton terry towel. Turn to a clean section for final wipe and a show car finish. For brilliant, high gloss protection, follow with Meguiar's NXT Generation Tech Wax 2.0.
- Health rating:**

Health:	1
Fire:	0
Reactivity:	0
Specific Hazard:	N/A
